6 LOCKE STREET
Andover

To the Members of the
Finance Forum for Women:

The November Club is very happy to welcome you to this forum, which has been planned as a community service to those women in Andover who are interested in knowing how they may better meet their financial responsibilities.

It has been estimated that women inherit 70% of all estates left by men and 80% of life insurance benefits; that they hold 55% of the the savings accounts, 50% of the stock in many large corporations, and 44% of public utilities; that more than 40% of the nation's homes are in the hands of women, and that 80% of all consumer goods are bought by them. With these facts in mind, we have secured for you outstanding speakers on Life Insurance and Social Security; Wills, Estates and Trusts; Investments; Real Estate-Home Ownership, and Consumer Credit.

Although some of the material may be familiar to you, it is hoped that these presentations will serve not only to refresh your knowledge but also to bring you new and valuable information.

Harriet J. Gilcreast
